

Deferral of FESL

The NSW Government has deferred the introduction of the Fire and Emergency Services Levy (FESL), which was due to come into effect on 1 July 2017.

This has been done to ensure that residents and businesses do not face an unreasonable burden funding our fire and emergency services. The NSW Government has listened to the concerns of the community and will take the time to get this reform right.

The existing Emergency Services Levy will remain on insurance policies and continue to fund the fire and emergency services agencies.

Your rates notice should not include any FESL charge. If you have concerns please visit www.FESL.nsw.gov.au or call the **FESL information line on 1300 78 78 72.**
