PURPOSE

Population forecast data has been developed for all small areas across the Newcastle Local Government Area (LGA). This information will form the basis for an evidence based decision making framework for the future planning and delivery of Council services and facilities.

BACKGROUND

Demographic information (current and forecast) will be presented and explained through interpretative maps, tables and graphs by Council's demographic consultant Profile.id. This information is available for the community on Council's website at <http://www.newcastle.nsw.gov.au/Community/Community-Services/Community-Profile> and includes:

- 1 Newcastle Community Profile;
- 2 Newcastle Social Atlas; and
- 3 Newcastle Forecast Profile.

The forecast data has been developed based on the Australian Bureau of Statistics 2016 Census results and a detailed analysis of potential development sites across the LGA.

RECOMMENDATION

The briefing be received.
