

Newcastle's Western Corridor Recreation Infrastructure Planning Project Registration sheet

The City of Newcastle is inviting State and Newcastle / Hunter Sporting Associations to collaborate in the planning and development of future sporting infrastructure within the Newcastle Western Corridor Urban Release Area.

The identification of strategic development aspirations of sporting codes and the associated infrastructure requirements is considered essential to ensure the developing community is provided with a range of quality recreational experiences.

If your organisation would like to form part of the project team informing and guiding this project, please complete and return the following form. Further project information will be provided to participating sports during July 2015.

Organisation name:	
Contact person:	
Position:	
Postal address:	
Email:	
Business phone:	Mobile:
