By Priscilla Tey

Reviewed by Sally

This is a super fun story.

Between inside and outside, between upstairs and down, a world of in-between things can be found.

With humorous rhyming text, this story manages to explain a difficult concept of in-between things. The book has beautifully detailed illustrations that provide lots of extras to entice kids. The more they look, the more they find of in-between things that help them to understand the concept in a fun way.

Written and illustrated by Priscilla Tey, *In-Between Things* is her first children's book.

I'm sure it will be a favourite with both kids and parents
