

Jasper and Scruff – Hunt for the Golden Bone

By Nicola Colton

Reviewed by Sally

Jasper is a smart kitty who likes the finer things in life, while Scruff is a mucky pup who likes the simpler things. These unlikely best pals have opened a bookshop together, Jasper's lifelong dream. When a mysterious package of a rare book arrives and a treasure map slips out, the friends set off on a treasure hunt to find the infamous Golden Bone. As the two friends work together to solve the mystery, foul play is afoot.

A fun story for emerging readers with mystery, adventure, a pirate, and a chance to outsmart the no-good Lady Catterly and the sophisticats. It's got it all. The book is complimented by comical illustrations and kids should get a bit of a laugh from this one.

A good story for emerging readers. Age 5-9
