

Mrs. Whitlam

By Bruce Pascoe

Mrs. Whitlam drew me in for two reasons – I love Bruce Pascoe and I was curious about who would call a horse Mrs. Whitlam! This novella is an easy read but don't let that fool you – the main character Marnie Clark deals with very real issues around fitting in, taking risks and loyalty.

Marnie is an indigenous teenager in a country town. She is gifted a horse that is a little bit different to the horse's other girls own in the riding community of her town. Mrs Whitlam is unique. Trust is formed between Marnie and Mrs Whitlam and the horse is by her side when times get difficult or dangerous.

Great book, fantastic author. Borrow it now!
