

**The Paper Bag Princess
by Robert Munsch;
illustrated by Michael Martchenko**

Princess Elizabeth's plans to marry Prince Ronald are disrupted when a dragon destroys her castle and steals her prince. Undaunted, she dresses in the only unburnt thing she can find – a paper bag – and sets off to recover Prince Ronald.

The original girl-power picture book, this also makes it obvious that it's okay to call someone out on bullying behaviour, and not follow the path that others have set.
