

Dog Man by Dav Pilkey

Reviewed by Jo

This graphic novel is ostensibly a re-written and updated comic by George and Harold, the main characters of Pilkey's *Captain Underpants* series. Dog Man is the body of strong-but-stupid Police Officer Knight and the head of smart-but-weak police dog Greg, sewn together to create the smartest police officer ever. The book contains four separate stories of Dog Man's hilarious adventures, interspersed with 'behind the scenes' stories of the comic's creation.

Filled with potty-humour, slapstick, and fleas, this book is fun and encourages all kids to read and create their own comics. May not actually contain fleas.
